CLAY CITY, KY., THURSDAY, FEBRUARY 4, 1904.

NO. 5.

Extensions of the L. & A.

An addition contemplated by the Louisville & Atlantic road will run from Beattyville Junction northeast into Wolfe county, crossing the Ohio and Kentucky road at Wilhurst and running through the northern part of Breathitt county, through the southern part of Magoffin county to Prestonsburg in Floyd county, and east through Pike county to connect with Norfolk & Western in West Virginia. This road will be about 80 miles in length and will penetrate Magoffin, Floyd and Pike counties, which now have no railroads.

Another road contemplated by the Louisville and Atlantic will run from Beattyville, the seat of Lee county, almost due south from Booneville, the seat of Owsley county, through Clay and Bell counties, crossing the West Virginia, Pineville & Tennessee road, a very short branch of the L. & N. road, crossing the L. & N. road at Pineville to the Cumberland river and Tennessee, a few miles further south. This road is 70 miles long and traverses Owsley and Clay counties, now having no railroad.—Richmond Register.

Killed by Officers.

Constable Mat Helton and deputy, Frank Helton, shot and killed Tom and Davy Felcher, and wounded Will Brock at Wilton, Kentucky, as the result of

the arrest of Dave Fletcher on an old capias. The Heltons have fled and excitement is high.

Road is a Certainty.

A Special from Mt. Sterling says: "A representative of New York and Cincinnati capitalists met the business men here this evening and submitted a proposition to build twelve miles of railroad from this city to Indian Fields, Clark county, to connect with the Lexington and Eastern. Twenty-five thousand dollars in cash and right of way was asked. Half the amount was subscribed and right of way virtually pledged. The road will give this city direct connections with the coal and timber fields to Eastern Kentucky. Work will begin by March 1, and completion is guaranteed within six months thereafter. The survey is already being made. The capitalists back of the enterprise own much timber and coal lands in the territory through which the road will give an outlet. The building of road is not conjective, but a certainty."

Damage Suit.

In the Fayette Circuit Court this week Mary Hazelwood sued the L. & N., and L. & E. roads for \$20,000 damage. She alleges that last June these companies had an excursion to Natural Bridge; that she had a round trip ticket from Avon, where she got

on. On her return the train did not stop at Avon but carried her to a point three miles beyond that place and there tried to make her get off, which she refused to do. She was carried to Lexington much to her humiliation and mental suffering.—Winchester Democrat.

On last Thursday Leonard Cox was instantly killed by a limb falling and striking him on the head. Cox and James Reed were engaged in making ties near Wagersville when the accident happened.

The first tide of this season of any consequence is now affording the timber men a means of transportation, an immense amount of logs and ties are being floated to the markets below and it pleasing to announce that our mill is receiving a good supply of logs.

On Tuesday morning about a dozen tie rafts belonging to the Dean Tie Co, were cut loose at the mouth of Station Camp and were to run to Valley View. At the Whiteoak shoal a log raft had lodged across the channel during the night, and the tie drifts went to pieces in a general smash-up. Fortunately all the men escaped uninjured.

On last Thursday the body of Jack Chaney was found where he had frozen to death at the mouth of Buck creek. On Thursday, just one week before the body was discovered, Mr. Chaney attempted to convey his household goods from Willow shoal to Miller's Creek, on some logs which he rafted together for this purpose. He was seen by several parties to whom he called for assistance, saying he was freezing to death. However, nobody paid any attention to his entreaties, and after landing his craft at Buck creek, he perished only a few feet from the water where the body was found a week later. He leaves a wife and one child.

Notice to Owners of Dogs.

Owing to the prevailing epidemic of hydrophobia among the dogs of the city, the City Council at its regular meeting Feb. 3rd., passed an order requiring all dogs running at large in the city to be securely muzzled, and the Marshall was instructed to enforce said order.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Mrs. Elizabeth Burgher has been quite sick the past few days. Dr. Littlepage is attending the case.

A very large crowd of members attended the regular meeting of the Masonic fraternity at this place Saturday afternoon.

Henry Winburn has cut two valuable shade trees in the public school yard, and the patrons of the district are very indignant at the action.

The Baptist church at this place is still without a pastor, and visiting brethren desiring to preach will be gladly received by the church membership.

The people of Clay City would very much like to see the branch of the L. & E. which is to be run from Indian Fields to Mt. Sterling, start from this place instead of Indian Fields, and is believed that it would be more profitable for the railroad people were it to start from here. This may be true but the opportunity is past. We have slept when we should have been hustling. The branch road from Mt. Sterling to some point on the L. & E. road has been talked of for a long time, but it has just now occurred to our people that this road should start from the metropolis of Powell.

If we could have gotten this road it would have been of untold benefit to our people and much profit to our business enterprises.

This should be a lesson to us so in the future when we see anything in sight we will go to pulling for it whether there seems to be any showing for success or not. Great things are obtained sometimes for the asking. The old maxim of "All things come to him who waits," is superseded by the phrase, "All things come to him who hustles."

This being true, it occurs to the TIMES that Clay City is badly needing a commercial club to look up new locating enterprises, present our natural advantages and artificial inducements, like our more enterprising sister cities have.

The Committee on Education No. 1 of the House unanimously decided to report favorably the bill prohibiting co-education of whites and negroes in Kentucky. The committee heard statements from persons advocating the bill, and also from President Frost, of Berea College, which sole institution will be affected by its passage.

The Rev. Mr. Oliver, who represents Lyon county, said if he were a member of the committee he would not permit President Frost to come before it, no more than he would permit President Roosevelt to eat with his family.

As Harry D. Egbert, who had been condemned to hang at Salem, Oregon, stood on the scaffold, says an exchange, he said: "My friends, take me as a mark, keep your children off the street, and above all, out of the saloons. Bad raising and bad company is the direct cause of my down-fall."

A number of parents should consider well the above advice before passing it by. Half the children in Clay City, as in all other towns, are being brought up without correct parental guidance, and it will be miraculous if a goodly number of them escape the penitentiary.

Several youngsters in this town are already making rapid strides in that direction.

Senator Gorin has introduced a bill in the Senate to make it unlawful for any common carrier, express company or an individual to transport any liquor into local option districts.

This bill should pass, for as it now is it is very ineffective and unsatisfactory in the local option sections. Whiskey is shipped at will into dry towns from the wet districts, thus over-riding the intent of the law and the wishes of the local optionists. Some may think that with such a law enforced it would be more favorable for the blind tigers. We doubt if it would for these unscrupulous dealers are as daring as possible under the present restrictions of the law, and they certainly could be no more defiant under any law that could be enacted.

The Heflin Bill, which provides an educational qualification that would eliminate the illiterate negro voter, has been virtually killed by the action of the House, which postponed the measure for an indefinite time.

LOCAL BREVITIES.

Don't forget to muzzle that dog if you want to save his scalp.

Joe Tuttle, of Sams, was transacting business in the city Thursday.

Mrs. Dr. Boggs, of Jackson, visited Mrs. Noah Rose from Thursday till Monday.

Misses Ella and Carrie Ewen, of Stanton, visited relatives in the city from Saturday till Monday.

Sixty-one counties in Kentucky are now free from saloons, there being that many counties where no license is issued.

Mrs. R. H. Curtis, of Spout Spring, sends the TIMES for one year to her sister, Mrs. Wm. C. Horn, of Hubbard City, Texas.

H. G. Burgher accidentally got a red-hot piece of iron stuck to his right hand and badly burned while at work in his machine shop one day recently.

Mrs. Ailey Easter, mother of Elder Albert Easter, who has been very sick for some time, is reported by her physician to be on the mend.

Editor J. Wise Hagins is putting in a new cylinder press on which to print the News, and he is otherwise greatly improving his paper.

While away from home Monday night some thief or thieves broke into John Burton's saloon at the Granny Howard Hill, and stole a few gallons of liquor.

Roosevelt's pleadings for large families must have been seriously considered by the people in the upper portion of Powell; our Bowen correspondent reports five births this week.

Tuesday was ground hog day, but the forecast made by him at this time is quite hard to determine. It depends altogether on the time of the day he came out of his hole.

Another mad dog scare was provoked yesterday in the city by a rabid dog being discovered at large on the streets. It bit a number of dogs and the Marshall killed eight of this number.

Seventh avenue and Eleventh street are being graveled and put in good condition this week by the street committee. The professional crap shooter also makes good street hands.

The small-pox situation in Lee county which has been quite severe for some time, is now under control by the authorities, it is claimed, and it is hoped that the disease will be stamped out.

Elder B. S. Burgher, of Winchester, was here on business several days this week. While here he disposed of a small piece of land on Hardwick's creek to John W. Burgher for \$350 cash.

Pastor Irvin conducted services at Presbyterian church Sunday Morning and evening. At the evening services there was one addition to the church and the ordinance of baptism was administered by sprinkling.

Robert Ewen, son of James Ewen, of Stanton left Monday for LaMonte, Missouri where he expects to make his home in the future. He will join his uncle, Weeden Ewen, who has been in that State for some years.

The bridge crossing the L. & E. Ry. over Sixth avenue beyond the Climax Stave & Tie Company's plant will be changed from the first location to the survey of street which will be much better than where the bridge was first started.

The rates at the Clay City Hotel have been increased to \$1.50 per day. The rate heretofore has been \$1.00 per day, but the management has learned that it is most impossible to run a first-class hotel, like the Clay City, at so small a rate, hence the advance.

F. A. Lyon was called to Chicago on Saturday to the bedside of his only brother, who had been stricken with pneumonia. The illness proved fatal and the body was brought to Georgetown on Wednesday where the interment took place. Beattyville News.

Owing to the continual cold weather the prospects are more flattering than usual at this season of the year for an all-around fruit crop. For several years, the fruit in this section has been very short and it is hoped that we will have a bountiful yield this year.

The Clay City National Bank has another fine statement in this issue. The report shows \$107,073 13 in loans and \$108,652 26 individual deposits. Each succeeding report of this bank seems to eclipse all former statements. This institution has doubled its business since Cashier J. F. Cox took charge of the affairs.

Kentucky formerly couldn't be excelled as an apple producing state, but for some years past it has been falling behind, until now it seems to have no rank in this line, says an exchange. Missouri is a great apple producer, but the fruit, so said by former Kentuckians, now of that state, doesn't compare in taste with that they used to get here.

D. S. Christopher, a former citizen of this county, but now of West Texas, has bought a quarter section of land near Miami and will build a nice residence thereon. We received a letter from him last week inclosing 50 cents for the TIMES for the year 1904, and stating, that the paper was a welcome weekly visitor in his home. Mr. Christopher's numerous friends in this section will be glad to know that he is doing well in his Western home.

MARRIAGES.

Mr. Tom White and Miss Cadie Gravett, daughter of Mr. Allen Gravett, of Hardwick's Creek, were married at this place Wednesday, Feb. 3, at the residence of Squire D. P. Daniel in the presence of a number of friends, Rev. R. A. Irvin, officiating.

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 30, 1902.
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent. better.
